Great Crate Race Rules & Regulations

The Great Crate Race is designed as a parent/child program. A parent or adult is expected to help with construction of the car. The adult is not expected to build the car for the boy or girl participating, but to share the experience by being there to help when and if it is needed. The program is intended to be an enjoyable learning experience for both the adult and the child, providing them with an opportunity to develop mutual trust and respect and to demonstrate the importance of individual pride and sportsmanship.

Entrants: The Great Crate Race is open to all Hunterdon County residents. The total number of participants will be limited to 50 racers. Delaware Township residents will not be turned away.

Racewear: All drivers must wear approved ATV-style helmets, long pants, long-sleeved shirts, and gloves. Full face motorcycle helmets are strongly recommended.

Driver Eligibility: All drivers must demonstrate the ability to control and stop their vehicles, otherwise they will not be allowed to compete.

Wheels: Cars must have four wheels (two in front, two in back). The maximum diameter for wheels is 12 inches with a minimum of one-half inch diameter axles.

Penalties: A 2.50 second penalty will be added to finishing times if wheels other than Z-Glas racing wheels are used.

Resources: Z-Glas racing wheels may be purchased from: All-American Soap Box Derby, Derby Downs, PO Box 7233, Akron, OH 44306. Phone: 330-733-8723, Fax 330-733-1370. www.allamericansoapboxderby.com. For information about buying or selling a used car locally, contact Kathleen Herman at kah7999@hotmail.com or 908-399-4164.

Bearings: Stock bearings are not mandatory.

Seat: The driver's seat must have a back and be equipped with a seat belt.

Roll bar: NJDMV-mandates that roll bar must be a minimum of 3" higher than top of the driver's head.

Steering: Cars must steer by front wheels. The turning radius of the front steering mechanism is to be limited to avoid over-correction when turning and to prevent jamming the front wheels against the car body.

Brakes: Brakes must act on both rear wheels or the road surface and be sufficient to stop the car and "hold" the car on an incline.

Fasteners: Nuts must be Nyloc or two nuts doubled/jammed with at least 2-3 complete threads showing on the exposed bolt. Turnbuckles must be taped, wired or jam-nutted to prevent unwinding. All quick-release type fastener pins (ie: on axles) must be wired to prevent them from vibrating loose.

Prohibitions: No glass parts are allowed. No suspension systems are allowed. No pouring of melted lead into the car is allowed.

Weight: Additional weight – within the class weight limits – must be securely fastened into the car.

Prizes: In addition to first, second, and third place prizes awarded in each of the four divisions, trophies will also be awarded for best design and best looking overall. Participant trophies will be awarded to the remaining drivers.

Registration: Registration to compete will be accepted until 8:45am on race day. Competition is in four age group classes as listed below. Weight includes car and driver. Cars may compete in more than one class but must register separately for each class. Registration fees are as follows:

Delaware Township resident pre-registration fee: \$10.00
Non-resident fee: \$25.00
Day of Race fee: \$25.00

Parking: No parking is allowed on Lower Ferry Road on race day. Please use Delaware Township Building and Delaware Township School parking lots. Racecars will be trailered from the school to Delaware Downs by race officials.
