Rosemont Water Company – Update from Jorge Berkowitz

Jorge informed the board that he contacted the state to see why Mr. Wolfertz's email was not responded to.

Robert Wolfertz was present to go over his memo again with the board. Mr. Wolfertz stated his concerns listed in the memo. The board felt this may be maintenance or admin. issues with the water company and not health issues for this board.

Liza Davis, President of Rosemont Water Company informed the board of the procedures they follow. The board can go to NJ Drinking Water Watch. They follow the schedule of testing and record results in a log book. She said they haven't had any violation in water quality.
